Vision

We at DPS Durg believe that education should liberate human beings from the shackles of ignorance. Hence, our aim is to impart an education that is a fine synthesis between change-oriented technologies and the continuity of Indian culture and tradition. We aspire to create an excellent learning environment in order to bring about a profound sense of justice, deep concern for the surroundings, and an awareness of responsibility in the hearts of our students to give back to the society.

Our Inspiration : Ch. Mitter Sen Sindhu

Sindhu Education Foundation has been deeply involved in the education and social transformation taking place in the country for decades. Our founder, Ch. Mitter Sen Sindhu Ji, was of the opinion that children should have the moral courage to question and the determination to seek the ultimate truth.

A Message From The Principal

- Mr. Anupal Sagar

Dear Parents,

Namaskar!

It has been a busy, vibrant and very successful 2018 at The Delhi Public School, Durg.

Apart from getting students settled into their daily routine and immersed in their academic work, we have achieved quite a lot over the past few months. Our students have once again made us extremely proud with their fantastic Grade X and XII results, and a whole lot of them have moved ahead to join some of the most prestigious institutes across the country.

One of the things I am particularly pleased to report is that we have established a formal **Career Counseling Program** for our children, which is helping our students approach their future career choices very scientifically.

This year, we are celebrating “Science and Technology”. One of the new initiatives we plan to launch in the upcoming session is “**Junior Engineer Program**” where we will help our little champs make connections with real-world problems to further their development in the application of science, technology, engineering and math. We’re confident that adopting this philosophy will help to transform education from a regular classroom experience to an exploratory learning-centered environment of discovery and problem-solving.

“Students of today, Leaders of tomorrow”

While teachers are working hard across all grades to ensure best learning outcomes for each child, one of the core focus areas is **values** where **discipline** tops the chart. It is the very core of school-life, and without learning and following discipline in school life, it can cost the students later in their careers. In school education, discipline is a set of rules & regulations that remind us of the proper code of behaviour.

So dear Parents, please support us in guiding our children and ensuring they adhere to a disciplined life and let success follow!

On behalf of the entire DPS Durg family, I wish you and your families a very Happy New Year 2019.

Best regards,

Anupal Sagar
Principal
DPS Durg.

A Message From The Leadership Team

Dear Parents,

Namaskar!

Delhi Public School Durg has a fine tradition for educating young people to succeed and to make positive and constructive contributions to our community and our nation. The achievements of our students at all levels year in and year out is testament to the quality of DPS Durg, its staff and community.

At DPS Durg, our education transcends the realm of academic learning and permeates into the domains of physical, emotional, spiritual, and social well-being of our students. Alongside this humanistic approach, we incorporate the latest technological resources in our education which ensures that it not only keeps up with the ever-evolving world, but is also relayed in a riveting manner so that its essence stays with your child for a prolonged length of time. DPS Durg Campus is one of the best campuses in this region for learning.

We continue to enhance **Excellence** that is the hallmark of Delhi Public School, Durg – on every stage, every classroom and on every field. With our phenomenal faculty, curriculum and student body, we continue to provide a transformative education for generations of students.

So, our message to students, their parents and the staff members of the School is, “**Dare to dream. Work hard to achieve what you dream**”.

To all of you and to your families, we wish you a Merry Christmas and a prosperous New Year 2019.

Warm regards,

Vivek Varma
